June 11, 2010

██████████  
Transit Road  
Kendall, New York 14476

Dear ██████████

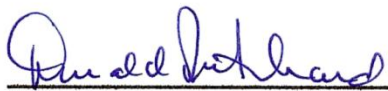

Public water for all citizens in the Town of Kendall is a concern that the town board takes seriously. We have been diligently working since you submitted your petition for public water and would like to update you on the steps the town has taken to extend water lines to all our citizens.

The last water line installed in the town was done by our highway department. We have gained valuable experience and insight on putting projects of this scale together. At present we are developing two models for extending the water lines, a small scale project and a large scale project. These models will help us perform cost analysis for extending our water lines in different neighborhoods around Kendall. It is our hope to provide a report within the next two months.

We are currently in discussions with other towns in Orleans County to learn their best practices for funding and operating water districts, and we are also investigating alternate sources of funding to reduce cost to the taxpayer.

In closing, we ask for your help. Please provide an email address or phone number, along with your name so that we may keep you up to date on our progress. We post our minutes to the Town's web site at [www.townofkendall.com](http://www.townofkendall.com).

Please do not hesitate to contact any one of us with any issue or concern that you may have.

  
Donald Pritchard, Councilman

Sincerely,  
  
Daniel Gaesser, Supervisor

  
David Schuth, Councilman

  
Margaret Lynn Szozda, Councilwoman

  
Bart Joseph, Councilman
